

October 29, 2015

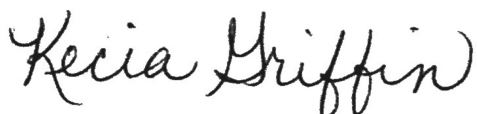

To whom it may concern,

I had the opportunity to work with Ms. Megan Teresi from August 17th through October 8th, 2015. Ms. Teresi was a student teacher from the University of Northern Iowa. Her placement was at Westwood Elementary School in Woodstock, Illinois where she worked with my class of 4th grade students. Ms. Teresi had the opportunity to teach in a variety of courses and she used a wide variety of outstanding materials. Ms. Teresi was eager to begin her experience and started immediately by leading a Tier 2 fluency group with five students. She eventually took over responsibility of the entire class by week six and did an amazing job planning, presenting and assessing the students in my room. She was able to manage, differentiate and plan creative lessons tied to the Common Core Standards for a very diverse group of 27 students.

Ms. Teresi was well liked at Westwood by the students, staff and administration. She quickly established herself as a member of various teams throughout the building. She demonstrated an exemplary understanding of the curriculum and demonstrated excellent technology skills. Ms. Teresi put in numerous hours above and beyond what was expected, and was professional at all times. Ms. Teresi would be an asset to any school district as she possesses the necessary skills to be an excellent teacher.

If you have any further questions regarding Ms. Teresi's experience at Westwood Elementary, please do not hesitate to call me personally at [redacted] or at school [redacted]

Sincerely,

Kecia Griffin
4th Grade Monolingual Teacher
